Today's Masconomet, a somewhat average looking high school with an above average reputation for education, serves the three towns of Boxford, Topsfield and Middleton. Upon the school's opening in 1959 an entirely new concept was introduced for each of the three small towns — a regional high school, the combining of students from the three towns into one large school rather than small schools in Boxford, Topsfield and Middleton.

Math teacher Donald Van Pelt, who came to Masconomet 24 years ago, remembers the tri-town integration as a tight situation. "We were instructed to never identify which town a student came from. The kids also made a great effort to avoid saying which town they were from. But that was in the beginning, now it is a matter of much lesser concern."

During the fifties and sixties a dress code was in effect. This meant shirts and ties for the boys (if you didn't have a tie you were sent to the office to rent one or sit there for the day), and the girls had to wear dresses. Commenting on the dress code, Van Pelt said, "The dress code gave a nice appearence for the kids and they felt better about themselves, but it was a financial burden for some and probably a bit much for a public school."

Then the late sixties arrived, the era of Vietnam, protests, and 'doing your thing.' At Masconomet the abolition of the dress code, the introduction of more freedom, and an entirely new outlook on education arose for both the students and the teachers.

"In the Sixties we became more concerned with the whole person," said Van Pelt, "and that has carried on right through today."

The original Masconomet "family" as they were referred to in the beginning opened their classrooms in September 1959 to the first students of a new regional high school — an innovative concept at the time. Brought together from all parts of the state, this original group set out to provide the best education to a generation of Tri-town youths.

Through their efforts and the efforts of all the other dedicated Masconomet faculty and staff, the school has grown to be respected as one of the best public schools in the state. As Masco enters its second quarter century with another innovative educational concept imminent, we dedicate the Twenty-fifth Anniversary edition of MITOBO to the Silver Anniversary faculty and staff with a sincere appreciation for all they have contributed to make Masconomet what it is today.

Thursday — Hall Decorating. The Seniors wimp out. The secretaries in the office say: "The Senior officers showed a real lack of enthusiam and leadership, and just didn't want to have fun." The Sophomores take first prize.

HOMECOMING

Friday — The Big Bonfire. Greg Whitehead gives an inspirational speech. The crowd anxiously awaits the announcement of the Homecoming Court. Later, each class gathers at their float decorating location to add the final touches for Saturday's parade.

Saturday — An exciting day! An early breakfast of light and fluffy pancakes followed by a great day for Masco sports fans. A sweep of all games by Masco's Varsity teams. Then the Homecoming Parade. Awards: Mark and Shauna get Homecoming King and Queen. The Juniors win the float but the Sophomores get the 'Spirit Award' for rebuilding their trashed float Saturday morning. Then the football game. Masco rolls over Ipswich. The score: 21-20. That night, the Homecoming Dance. Apparently, everyone stayed home.

HOMECOMING

The 1983 Junior-Senior Prom was undoubtedly a highpoint in many of this year's Seniors' lives. And what a night it was! The Prom was held at luxorious "Jimmy's Allenhurst" and the enchanting music of "The Catalinas" provided the perfect background for a memorable evening. Certainly, Jennifer Winick stole the show, as both Class President and Prom Queen, and the high point of the evening came when she got the first dance with Prom King Rudy Schwab. But that wasn't all! A delicious meal featuring the "Allenhurst Salad" and much more (see your Prom '83 booklet for details) and a complimentary piece of Prom glassware for anyone who cared to pick it up the next week. There's no question about it, it certainly was a "Wonderful Tonight."

PROM '83

Our first function as seniors was the exciting Halloween Party. Everyone showed up, trying to impress the judges with their creative costumes. Among the prize winners were Sarah Webber for most original costume, a pina colada complete with a built in Dolby stereo; Anne Bogart, Kim Moore, Carol Cerullo, and Lynn Crippen as Pygmies for best group costume and Jeff Holland and Maria Mercandante as Popeye and Olive Oyle for cutest couple. (though they barely beat Max Turner and his blushing bride Mike Gill) Billy Steen won "costume that best reveals true personality" and Alan Wilcox got "Best Costume" as a clown.

HALLOWEEN PARTY

Masco Football had an unbelievably successful year in 83! Great coaching from Coach Guerra and Coach Bouvier led the 1983 Varsity Team to a 8 win and 2 loss season . . . the best showing in ten years.

The four year veterans leave with a lot of pride and a profound sense of accomplishment for the successful rebuilding of their team. Heads up Cape Ann League! Masco's team will be heading for a Super Bowl slot next year and a 10-0 season.

BOYS' SOCCER

The Masco Boys' Soccer Team breezed through another undefeated season this year, with a record of 18-0-1, setting a C.A.L. record with 85 goals scored. The high point of the season came with a 2-1 victory at North Andover, clinching the C.A.L. title. The team finished the season ranked first in Division 2 North, and scored an impressive victory in its first game of States against Bedford. For providing us with many exciting moments, we propose a toast to the 1984 Varsity Soccer Team.

The Varsity Girls' Soccer Team continued its tradition of excellence ending the season with a 15-1-2 record. After an early season loss to Andover, the girls' clinched the league title for the first time ever by defeating them on Homecoming Day. Though Masco lost the first game of States to Lincoln-Sudbury 2-0, they dominated the game. As T. Poor said, "We lost but we weren't beaten."

Once again, Casey's Bunnies were hopping. The girls were league champions with a 10-0 record, and continued their winning tradition with their 56th straight victory. Captains Lynn Crippen and Beth Meeker will be succeeded by Michele Boyle, Krissy Callahan, and Tina Duffy.
Good luck next year.

The Boys' Cross Country Team had a disappointing 5-7 record. Coach Sinnot expects a strong team in the future. Some of the best performances on the young 1983 team were turned out by Senior Captains Dave Snell and Jeff Johnson. With most of its members returning in 1984 and with some work over the summer, next years captains, Jeff Guella and Kevin Bourke should be leading a winning team.

This year's young team proved their dedication from the start. Consistent attendance at optional summer practices showed the enthusiasm and willingness to work that lasted all season. Co-captains Jennifer Winick and Amanda Havey encouraged mutual support and friendship among varsity players as well as between members of all team levels. Our record never showed the speed and skill we knew we had, but we never gave up. All girls fought for victory with an envigorating spirit that the team has not seen for years. Good luck to next years fastpaced team!

The Masco Golf Team finished second in the Cape Ann League with a record of 10-2-4. Captain Mark Gaboriault and Senior Steve Twombley led the way to the winning season. Coach Roger Lauzon was impressed with the stength of the freshmen this year and expects a dynamic 1984 season. With the guidance of Coach Lauzon and next year's captain Eric Guyer, Masco will take first place in the league. Good luck to all the players and thank you Coach Lauzon.

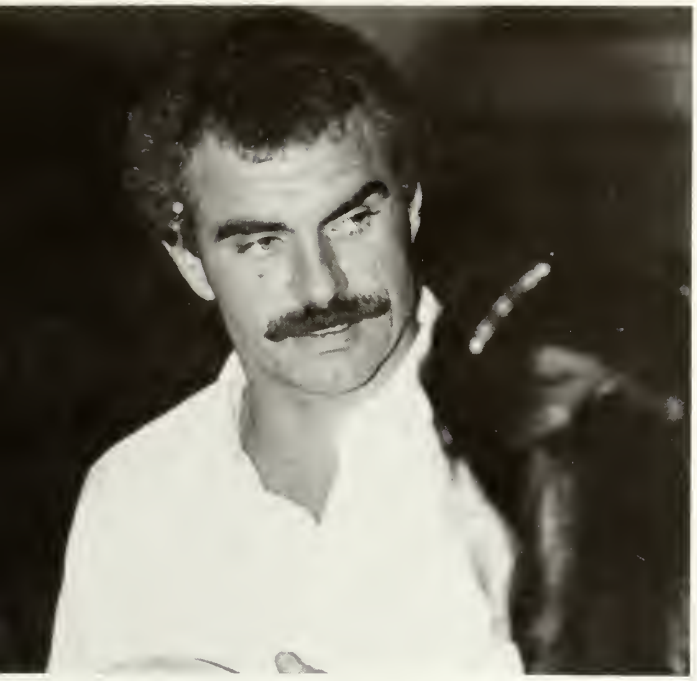
GOLF



The 1983 Girls' Volleyball Team did not share the successful record that marked many fall teams. Their season did however yield success in other ways. Under the enthusiastic leadership of captains JoAnne Deveney and Anne Vandewalle and Coach Faust the team dramatically imporved both their individual and team skills and managed to get at least one laugh out of each practice. The high point of the season came when the team won its first match on Homecoming to make it a clean sweep for all Varsity sports. The team looks forward to next year for continued improvement.

I watch the ripples change their size "SILVER ANNIVERSARY FROLICS" But never leave the stream of warm impermanence "I can't believe it's finally us up there." And so the days flow through my eyes "Where's guys Chorus Line?" And still the days seem the same "Please submit skits!" And these children that you step on "Buy T'shirts soon." As they try to change their worlds "WHAT DO YOU WANT??" Are immune to your consultations "Don't try to take me to a disco" They're quite aware of what they're going through . . .

FROLICS

"Okay you guys, listen up." Ch-ch-ch-ch-changes "Thanks D.A.D." Turn and face the strange "What a feelin!"
Ch-ch-ch-ch-changes "Girls just wanna have fun." Don't tell them to grow up and out of it. "I love yah" Ch-ch-ch-ch-changes "Now there's a sharp dressed man!" Turn and face the strange "Gee Beave"
Ch-ch-ch-ch-changes "Where are they now?" Changes are taking the pace I'm going through "Risky Business and Tabbies"
Ch-ch-ch-ch-changes "I never thought I'd be so proud of this class." Time may change me — but I can't trace time . . .

FROLICS

Twas the week after frolics
And the whole Senior Class
Felt the need for a party
A real Christmas bash!

They saved up their money
And asked out their dates
When they finally got there
The party was great.

The girls in their dresses
And the guys in their ties
Were determined to have
The "times of their lives".

Decorations were hanging
There were streamers galore
But somehow they all
Ended up on the floor.

When the Upstarts got started
They had many a fan
But the girls were all crazy
'Bout a "Sharp Dressed Man".

Away to the dance floor
We flew like a flash
Dancing to Elvis
U2 and The Clash.

There was plenty to eat
And Santas galore
When it was almost over
We all wanted more.

Finally it ended
It had turned out just great
But the best part was the excuse
To stay in and sleep late.

CHRISTMAS PARTY

Charles Dickens made his mark on Masconomet's theatrical community as his classic novel of "David Copperfield" converted the stage into a flurry a 19th century life. The part of David Copperfield (Kevin(The Jerk) O'Leary) was extremely well played as David experienced the traumatic life of an orphan seeking an education at the Wickfield Law Firm. The plot concerns the events that happen as the sinister Uriah Heep (Alec (The Beam) Gilman) tries to rob Mr. Wickfield, a soggy drunk, (Dan Mueller) of his companies funds. The end comes with the banishment of evil Uriah Heep and a happy ending for the rest. "David Cooperfield" was a wild success thanks to the fine performances by everyone in the cast.

DAVID COPPERFIELD

On April 12, 1983 a group of Masconomet French students arrived at the Charles de Gaulle Airport in Paris. It took a while to get used to things — like how to ask where to find the bathroom, how to dim the ardor of European men and how to politely state that no you don't care for horse meat tonight — merci en tout cas. We all agreed that the pastries were great though as were our French families that helped us through it all — especially crossing the streets of Paris where pedestrians don't have the right of way. It was definately a trip to remember! Vive la France!

After taking final exams early, a group of Masconomet German students took off for Saarbrucken, the bridged city of Germany. After a final prep session by Miss Skudra on how to greet their new families, the students were ready to see Germany. After taking in the typical tourist spots — the opera, a porcelain factory, and a brewery the students ventured to some not-so-typical spots. They frequented a local pub and McDonalds, the only restuarant with recognizable food. Masco students left their mark on Saarbruken with a dazzling production, "An American Evening", highlighted by the well received "Typish Deutsch" skit.

FOREIGN EXCHANGE

CHEERLEADERS

We were so psyched this year 'cause all our guys did **so** excellent! It was always hard work, but we gave 110% and cheered from the opening minutes right through the "victory parties" after. We did this wicked awesome mount for competition. We were all so embarassed when Mary's nylons ripped. We were sorry to have to kick Jill off halfway through the season — but she just WOULD NOT clean her shoe laces. As one fan said, "The girls really generated enthusiasm in the fans this year."

After an opening season win the Boys Basketball Team had a disappointing four game losing streak which seemed to virtually eliminate their chances for a playoff spot. But thanks to Coach Casey and a strong, talented team, they pulled off a miraculous thirteen game winning streak, beginning with an exciting one point victory over first place North Andover. According to Senior Captain Chris Madaus, "At this point we were as good or better than any team in the league." Unfortunately, Masco lost to a very hot Marblehead team in the states, despite great performances by center Steve Milks and C.A.L. player of the year Marshall Tait.

Though this year's Girls Basketball Team admittedly had a bad season, their 3-17 record doesn't tell the whole story. After losing two of their top players, the team went into season young and inexperienced, and just couldn't seem to win games when they had to. What the team did have was a lot of spirit and fun, as well as managing to give some strong teams like Concord-Carlisle a good fight. With hard work, next year's team should be a winner.

This year, the Ski Team's relatively young team was impressively consistent. They repeatedly beat strong teams such as Methuen and Bishop Fenwick. All of the Seniors provided strong leadership in cooperation with captains Mary McCarey, Eric Swain, John Peacock and Junior Sue Merrill. Particularly notable performers were John Peacock, Dave Pierce, and Eric Swain from the Boys' team and Sue Merrill and Barbara McAdoo from the Girls' team.

This year's Indoor Track Team settled for a 3-3 season, though there were some exceptional performances. Sophomore James Reid not only tied the school record for the fifty yard dash, but had league's best record in this event and won it at the C.A.L. All-Star meet. Kevin Smith also got off to a fast start but was hampered by a pulled muscle. The season's high point came at a meet against North Reading, where a short-handed Masco team won the meet with a victory in the mile relay, the last event of the day.

WRESTLING

This year marked yet another successful season for Coach Dennis Puleo and the Masco Wrestling Team. Captain Peter Perkins and Senior Ed Hussey led the team to a 16-4 record, finishing third in the Cape Ann League, fourth in the Division II North Sectionals and establishing the team as a real power. The graduating Seniors wish Coach Puleo and next year's team another winning season.

The Masconomet Varsity Hockey Team had an excellent season. Through hard work, great goaltending, and opportunistic goal scoring, the team went from 4-13-1 last year to 12-6-1 this year, missing the state tournament by only one point. None of this would have been possible without our coach Bob Driscoll, who was voted Cape Ann League Coach of the Year. We surprised many people, including ourselves, and regained the respect that Masconomet Hockey once had. High points of the season included beating Lynnfield twice and scoring three goals in two and a half minutes to beat Hamilton-Wenham, keeping our tourney drive alive. The low was definitely the open net goal by North Andover that ended our state tournament hopes. The Seniors would like to wish next years team the best of luck.

Two Sophomores, Janet Holland and Lesly Weeks, led the Gymnastics Team made up entirely of Freshmen and Sophomores. The young teams' hard work and determination made them one of the most successful winter teams — but one of the least recognized. Masco ended the season with a 9-3 overall record and an undefeated league record. This outstanding showing enabled them to compete in the Northern Sectionals for the first time in several years. The team would like to thank their managers, Mr. Sunderland, and Coach Lee Gilbert for all their help.

The Training Center provides education and training to a variety of developmentally delayed students. These students would otherwise attend school in segregated settings and be unable to take advantage of the many benefits available in a high school environment.

The purpose of the Training Center is to teach developmentally delayed students to fulfill their potential to be independent, productive adults. Our in-class work focuses on functional academics and pre-vocational training. We take frequent field trips to practice skills aquired in the classroom. We use various school facilities; the gym, cafeteria, and home economics room.

Despite this, we are still basically a self contained class. The Training Center students are not mainstreamed; they do not go to math and history classes. This limits their opportunities to interact with other students. The student volunteer program has been going on in the Training Center since its beginning seven years ago. It gives high school students an opportunity to work with Training Center students as individuals rather than as a group of people who are different. The volunteer experience is mutually beneficial. Students in the Training Center gain a variety of positive role models and are helped to learn. But the most valuable aspects is the friendships they develop with volunteers. The volunteers help make the Training Center the quality program that it is. They should all be commended for the invaluable assistance they have given us in the Training Center.

FOLKSINGING CLUB

MAJORETTES

ACTIVITIES 1960-1983

RECEPTIONISTS

As a special Anniversary treat, this page shows a few of the more memorable clubs and activities from Masco's history. We were especially impressed by the interest the kids showed in the Geometre en Francais Club, which explored the finer points of higher mathematics in a foreign language, and the Huckleberries Club which provided a forum for "stating opinion without ridicule." Its just surprising that these groups aren't around today.

THE BEST OF WHAT WE ARE

Well, here we are at another anniversary bonus — Proms from the past. One thing that you might notice is that most of the older proms were held right here at Masco, in the Gym (see photo above), nothing like the high class function rooms of today's proms (see pages 12 and 13). The Prom Committee would decorate the gym the afternoon of the prom, and have to have the room back to normal by the next day.

PROMS 1960-1983

PHOTO EN

hat you've been looking at for fifteen or so pages (in
ase you've been wondering) are pictures from Masco's
enty-four other MITOBO's. We thought that, this being
asco's Silver Anniversary, you might want to take a look
ack at these years. Obviously, a lot of things have
anged, from sports and activities (what ever happened
the Geometre en Francaise Club?) to the clothes
eople wore, and changing along with these was
ITOBO. We're happy to say that this special anniversary
ue is the best yearbook yet (sorry Camp Masco, at least
u tried) with its super modern typestyle; that line on
ery page (see below); not one but two foldouts in
azzling full-color and a box! And just think, the profiles
e in the book, so no complaining. Anyway, we hope
u're enjoying it.

The Yearbook Staff

MANY HAPPY RETURNS.

We can help you through the college of your choice.

We've all heard that there have been some changes in the student loan program lately, and maybe you haven't applied because you think you're no longer eligible.

Well, your local Shawmut office still has HELP (Massachusetts Higher Education Loan Plan) loans available.

And, you may still qualify for up to $2,500 or more each year to cover educational expenses regardless of your income.

So, stop into your local Shawmut office or give us a call. We'll tell you how to find out if you qualify for a student loan. And, if you do, we'll help you get it.

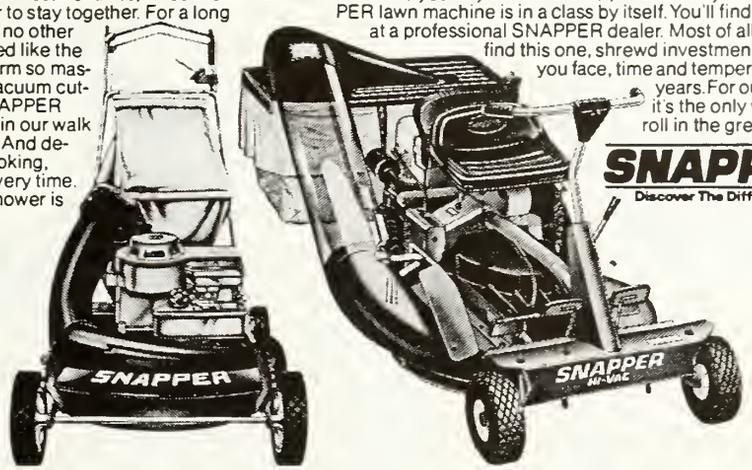
CUT GRASS FIRST CLASS

You can keep buying lawn mowers. Or get the SNAPPER Hi-Vac.® A first-class investment. Yes, investment. A SNAPPER is put together to stay together. For a long and loyal time. And no other mower is engineered like the SNAPPER to perform so masterfully. The High Vacuum cutting feature is a SNAPPER patent. Found only in our walk and riding mowers. And delivering splendid looking, evenly cut lawns every time. The Hi-Vac riding mower is ready for all seasons, with an amazing line of attachments. Before you buy a mere mower, find out why the SNAPPER lawn machine is in a class by itself. You'll find it only at a professional SNAPPER dealer. Most of all, you'll find this one, shrewd investment will save you face, time and temper over the years. For our money, it's the only way to roll in the green stuff.



SNAPPER
Discover The Difference

THE VILLAGE PANCAKE HOUSE
ROWLEY, MASS.

Telephone marketing

a simple idea you may need help to use.

Most companies should use the phone more to make sales appointments or decrease accounts receivables. But how can telephone marketing help your sales force produce more profitable business? Reduce the cost of handling low volume accounts? Stimulate sales from catalogs or direct mail?

What are realistic goals, effective strategies, and acceptable costs? Should telephone marketing be done in-house, outside or both? Our professional communicators make thousands of high-quality, low-cost phone calls from our office for major corporations, or we'll set up an on premise telephone marketing unit when justified.

We can probably do the same for your company. At the very least, we can answer your questions. **Call (617) 479-1912.**

"It's for you."

Telemarketing Systems, Inc.

138 Washington Street
Quincy, MA 02169

There is nothing like Mitchell's cords for removing old, hardened paint and varnish from grooved areas of chair legs, spreaders, spindles and table legs; all those places where paint remover has been used in the past.

In the machine shop, these flexible cords and tapes will finish surfaces that are inaccessible to most conventional tools. They will deburr, grind and polish those hard-to-reach holes, slots, grooves and curved surfaces.

LIST OF ABRASIVE CORDS AND TAPES. APPROX. 23 METER SPOOLS
